You know, the one you fall for despite knowing he's no good for you and you'll only get hurt. For Evangelina Reese that guy is Cameron Elliott. Cameron, the man who is haunted by his past and the many demons it has created. But that's not to say that Evangelina doesn't have her own demons too. Filled with both mounting sexual tension and rising action this book is non-stop pleasure and enticement for its readers. Mixed with a pair of equally passionate and well-developed characters and this book is sure to become one of your favorites, definitely something I'd recommend to many of my friends!0 of 0 people found the following review helpful. Aweome read thrillingBy huggyburrCam and Eva loved the push/pull in their relationship. I thought Brain and Cam relationship was one of co dependency but i think they truly were brothers grezt read excited for what's to come

Cameron Elliott is Chicagorsquo;s most sought after bachelor. Rich, handsome and highly regarded among his peers, he comes across as the worldrsquo;s most perfect man. Nothing could be more further from the truth. The man is as dangerously tormented as he is gorgeously handsome. A martyred hero with a flawed sense of morality, his desire to do good is often eclipsed by the treachery of the world he was born into. Now he wants out! But, try as he may, he canrsquo;t seem to break free from the vicious cycle of violence and self-destruction. While Cameron struggles to keep his demons at bay, life throws him an unexpected curve ball in the form of Evangelina Reese, a beautiful woman who is struggling with her own haunted history. Broken and scarred, she must learn to let go of past hurts and rediscover forgotten strengths, all the while attending to new wounds. Despite valiant restraint, the two fall for each other in ways neither thought imaginable. But this union isnrsquo;t beds of roses and sweet soft melodies. No. Their love is as dark and deadly as it is addictive. Evangelina's love for Cameron Elliott is dangerous game, one that could get them both killed.
